

INHERITANCE TAX SUPPLIES HERE

COUNTY CLERK ARTHUR J. HAM-
RICK AND COUNTY TREASURER
ARTHUR REAT RECEIVE
BLANKS AND NEW BOOKS—
CERTAIN EXEMPTIONS ARE
ALLOWED.

PROVISIONS OF THE LAW

County Treasurer Arthur Reat and
County Clerk Arthur Hamrick have
received supplies to be used in the
collection of the inheritance tax. The
county clerk's supplies include books
in which he will be required to keep
records of the inheritances subject
to taxation.

How Taxes Are Divided.

Because most of the estates are
settled through orders of the court,
the clerk and the county treasurer
will probably be the only officials
that will have extra work. Inheri-
tance taxes are divided into different
rates, according to the amount in-
herited. In the first group are in-
cluded husband, wife, son, daughter,
adopted child, providing the adoption
took place ten years before death of
the parent, father, mother, other
lineal ancestry or issue. Each of
these with the exception of a wife
are allowed exemptions of \$2,000. A
wife is allowed an exemption of \$10,
000. In amounts up to \$25,000 the in-
heritance tax in this group is one
per cent on excess of \$25,000 up to
\$50,000 the tax is one and one-half
per cent, and excess of \$50,000,
three per cent.

Still Another Class.

Brothers, sisters, nephews, nieces,
sons-in-law and daughters-in-law are
divided in another class. All are al-
lowed exemptions of \$500 and their
taxes are to be computed at the fol-
lowing rates according to the amounts
given in the first class. One and one-
half per cent, two and one-half per
cent. Uncles, aunts, and first cousins
are placed in another class and al-
lowed exemptions of \$250. Their
rates are three, four and one-half,
six, seven and one-half, and nine per
cent according to the amounts given
in the first class. Great-uncles, great
aunts, and second cousins form an-
other class with exemptions of \$150.
Rates are four, six, eight, ten and
twelve per cent. Other kindred more
distant removed than in the forego-
ing classes and strangers to blood
relation or corporations are allowed
\$100 exemption and the rates are
five, seven and one-half, ten, twelve
and one-half and fifteen per cent.

VICE PRESIDENT SLIPS THROUGH THIS CITY

Thomas R. Marshall and Wife Were
Passengers on 4:38 Limited Traction
Car Monday Evening For
Terre Haute—Sat in the
Vestibule.

Only a few people, who happened
to be at the traction station Monday
evening, got a glimpse of Vice Presi-
dent Thomas R. Marshall and Mrs.
Marshall, as they passed through
the city on the 4:38 westbound traction
car on their way to Terre Haute,
where Indiana's former chief execu-
tive made an address at the state
normal.

Mr. and Mrs. Marshall were seated
in chairs in the rear vestibule of the
car and were taking in the sights of
the country as the car whirled along.
The car stopped here but a few min-
utes and was gone before many of
those who saw Mr. and Mrs. Mar-
shall seated in the vestibule realized
who they were.

VESTAL IS APPOINTED AS THE NEW POSTMASTER

President Wilson Tuesday after-
noon sent the recommendation of
William B. Vestal of Greencastle for
postmaster, to the senate and the
nomination was confirmed by that
body. This means that Mr. Vestal
soon will be sworn in as postmaster
here. There has been no doubt of his
appointment, since he was recom-
mended to the President by Con-
gressman Ralph Moss. It is probable
that Mr. Vestal will be asked to
furnish a bond within the next few
days and that he will be sworn in as
postmaster within a few weeks. July
1 probably will be the date of his
taking office.

LADOGA GIRL IS OUT OF TRANCE

YOUNG GIRL GRADUATE, WHO
FELL ASLEEP LAST TUESDAY
HAS NOW AWAKENED—ONCE
SHE OPENED HER EYES BUT
APPARENTLY SAW NO ONE—
CASE IS PUZZLING MEDICAL
SCIENCE.

TAKEN NO NOURISHMENT

LADOGA, Ind., June 9.—"Where am
I?" were the first words spoken by
Miss Merrill Zimmerman, the high
school girl, to her mother when she
came out of a trance yesterday, which
had lasted since last Tuesday morn-
ing. The girl is still so weak that she
can not leave her bed.

During the entire time she was in
the trance, Miss Zimmerman showed
no animation, except when she turned
over on her side. Overwork is sup-
posed to have been the cause of the
nervous trance.

LADOGA, Ind., June 7.—Miss Zim-
merman, the young high school grad-
uate, who fell asleep last Tuesday
morning, is still in a state of coma.
She has taken no nourishment or wa-
ter since she passed into unconscious-
ness. Once she opened her eyes, but
apparently saw none of her relatives
at the bedside and made no effort to
speak.

HOW TO INCREASE PROFIT IN HOGS

INDIANA IS SECOND AMONG THE
STATES FOR NUMBER OF HOGS
RAISED PER ACRE—THOUSANDS
OF DOLLARS COULD BE MADE
FOR THE FARMERS BY REDUC-
ING THE LOSSES BY CHOLERA
IN THIS STATE.

TO REDUCE HOG CHOLERA

"The average farm in Indiana," says
Prof. W. W. Smith of the Animal Hus-
bandry Department, Purdue Univer-
sity, "comprises a little less than 100
acres on which are kept 22 head of
hogs, including pigs. The question is,
how can we increase the number of
hogs produced on the average farm?
At present, Indiana stands second in
respect to the number of hogs kept
for a given area. Iowa grows one hog
for every 3.8 acres of farm land. In-
diana for every 4.4 acres, Illinois one
for each 5.3 acres, and Missouri one
for every 5.9 acres.

"The first, and I believe the most
important step to take in increasing
the number of hogs is to reduce the
loss from cholera. In 1911, 477,000
hogs died of cholera, worth approxi-
mately 2 1/2 million dollars to cover
the loss due to premature marketing
of pigs and brood sows caused by
cholera and cholera scares.

"It was shown then how the loss
from diseases of all kinds could be
greatly reduced. Measures recom-
mended were first, more careful san-
itary methods—second, more range
and exercise for the breeding stock
and pigs; third, by growing more
forage crops for summer and fall
grazing; fourth, by feeding more bal-
anced rations and fifth, the prompt
use of the Dorset-Niles Hog Cholera
Serum, and the vaccination of the
breeding herd by the simultaneous
method.

"The second general method of in-
creasing production and one over
which the feeders has direct con-
trol, is to increase the productivity of
each sow in the breeding herd. The
importance of every individual mem-
ber of the herd being a regular and
prolific breeder, I believe, is usually
not appreciated.

"If she raises but three pigs it
means that they are costing five dol-
lars each. If instead of three she
raises five, the initial cost is reduced
to three dollars per head. If she is a
very prolific sow she may raise ten
in which case the debt represented by
each pig is only a dollar and a half.
A saving of three dollars in the cost
of a 300 pound market pig means a
reduction of just one cent per pound
in the cost of his production. With-
out increasing the number of brood
sows in the state by a single individ-
ual, I am convinced that the number
of pigs produced and raised can be
increased one-half.

"This can be done by selecting the
elita for breeding purposes from the
large litters. 'Like producers like' in-
side of wide limits and the pigs from
the large litters invariably prove the
most regular and prolific breeders.
In the second place, the size of the
litter can be increased by keeping
the mature brood sows which have
proven by actual performance their
value as breeders. The mature sow
is more reliable as a breeder than a
gilt. She raises large litters, more
even litters and has more milk for her
pigs. The maximum number of pigs
in the litter will be produced and
ripened at this time, which is, to a
large extent, determined by the health
and vigor of the sow.

"The importance of plenty of exer-
cise during the winter, a medium con-
dition of flesh, and the feeding of bal-
anced ration was emphasized to bring
to a strong lively maturity the young
pigs in embryo.

"Lastly, a large number of pigs in
the litter is not determined by the
breed, family or strain. Every breed
has its prolific sows and its shy
breeders. The prolificacy of the herd
will be determined by the individual
sows and the care and judgment ex-
ercised on their management.

castle, were in the city Sunday visit-

A Big Birthday Dinner.

Another very pleasant day was
spent June 10th at the home of Mrs.
Sarah Angel and Will Glidewell on
north Madison street when they cele-
brated Aunt Sarah's seventy-fourth
birthday anniversary. All guests
arrived early in the morning with
well filled baskets of all sorts of good
things to eat and by noon the table
prepared on the beautiful south porch
decorated with sweet scented roses,
asparagus, and plumosa was a perfect
picture. Those who were present
were: Cal Rohm and wife, Mary
Hunt of Rockville, Harry Hunt and
wife, Rosedale; Zella, Letha and
Gladys Bell, Brazil; Josie Harmless,
Stella Harmless, Elias Kemper, Al-
bert Kemper, Tom Kemper and
daughter, Mansfield; Mr. and Mrs.
Fred House and daughter, Putnam-
ville; Fred Hansel, Bridgeton; James
Grantham, wife and son and James
Francis, Ladoga; Edward and William
Kemper, Robert Glidewell and wife,
C. W. Glidewell, wife and three
daughters, Madge, Mildred and Mar-
tha, Harry Mercer, wife and son,
William Gates and wife and daugh-
ter, Lillian, Indianapolis; Mrs. T. M.
Glidewell, Muncie; Miss Nell Jen-
nings, Louisville, Ky.; Will Glide-
well and family, Mrs. T. M. Daniels
and daughters, Ethel, Reggie, Ova
and Lillian, Pearl Brown, Edmund
Johnson, Mr. and Mrs. John Thomp-
son, and Mrs. Willis Wood, all of
this city. Late in the afternoon all
departed for their homes, wishing
Aunt Sarah many happy birthdays
and thinking Clara and Genta Glide-
well for their kind hospitality shown
them during the day.

A BAND CONCERT SATURDAY NIGHT

ANDREW HANNA HAS SECURED
THE HARMONY CONCERT BAND
TO PLAY PROGRAM HERE—
LARGE CROWD EXPECTED IN
FROM THE COUNTRY.

TO BE ACROSS FROM STORE

Andrew Hanna will be the host
Saturday night at a band concert to
be given by the Harmony Concert
band, on a band stand to be erected
on the vacant lot just across the
street from his store. Mr. Hanna is
personally conducting the venture
and has issued a sweeping invitation
to Putnam county and Greencastle
people to attend and enjoy an even-
ing of music.

Mr. Hanna last year gave several
concerts and large crowds were
drawn down on each occasion. Sat-
urday night he expects even a larger
crowd than ever before.

EDUCATIONAL POSITION'S PHILIPPINE ISLANDS

The United States Civil Service
Commission announces an examina-
tion to be held on August 20-21, 1913,
in various cities throughout the
United States for teacher, industrial
teacher and assistant in the Philip-
pine islands.

From the eligible list thus secured
appointments will be made during
the coming spring for service in the
Philippine Islands beginning with the
opening of schools next school year.

The service requires: Women for—
Home Economics, Men for Agricul-
ture, Manual Training, High School
Science, Mathematics, English, His-
tory, and Supervisors of School Dis-
tricts.

For information relative to the na-
ture of the service and the examina-
tion, address Bureau of Insular Af-
fairs, Washington, D. C.

Harry J. Miller and Parley Miller
of the J. I. Case Co., Indianapolis
have, through their attorney George
Wilson, filed suit on a chattel mor-
gage for \$700 against J. C. Taylor, Ed-
Dew and Joe Dew. The amount, they
claim, is due on the purchase price
of a threshing machine. Jackson
Boyd is made defendant in the suit
because of the fact that he holds a
chattel mortgage on the same prop-
erty on which the plaintiffs hold a
mortgage.

JOHN LAMB TO GO TO MEXICO

TERRE HAUTE MAN SLATED FOR
ONE OF THE CHOICE APPOINT-
MENTS OF THE DIPLOMATIC
SERVICE—NO FORMAL AN-
NOUNCEMENT.

POSITION PAYS \$17,000 YEAR

WASHINGTON, June 7.—Absolute
and unqualified confirmation was ob-
tained today of the fact that Presi-
dent Wilson has chosen John E.
Lamb of Terre Haute, Ind., as am-
bassador to Mexico.

This is an event not only of much
local importance in Indiana, but of
international importance also, as it
means that the United States has de-
cided to recognize the Huerta regime
in Mexico, which came into power
through the throes of revolution. The
ambassador, accredited to Mexico
will carry with it a recognition of
the reigning government in that re-
public. Several of the leading old
world powers already have recogniz-
ed the Huerta government, so that
in taking this step, the United States
is not blocking the way.

The official announcement of Mr.
Lamb's appointment is being delayed
by the delicate diplomatic procedure
that obviously is involved in the
situation. It may be a week or ten
days before results are worked out
to a definite conclusion, that length
of time being required for an inter-
change of correspondence between
the two capitals. The position pays
\$17,000 a year.

GROUND HOG IS THE CAUSE OF BIG SCARE

Terrorizing the community of Fon-
tanet, an animal which has been re-
ported to be a mysterious wild beast,
was discovered to be only a ground
hog by a posse of citizens Saturday.
The animal, which has been reported
to be some species of lion, bear or
wolf, it is said, had even driven fam-
ilies from their homes for fear that
their cattle, chickens and even chil-
dren might be attacked and killed by
this monster.

For more than two months the vil-
lage was alive with gossamer tales
and rumors of the actions of this
mysterious monster. The mystery
was solved when a well organized
posse of brave hunters started out in
quest of the monster Saturday after-
noon. Armed to the teeth and equip-
ped with several of the best fighting
dogs of the village, the posse pro-
ceeded to the reported lair of the mys-
terious animal, led by Dick Bartley
and J. Coulterbanks. The animal was
said to have kept itself secluded in
large woods at the site of the old pow-
der mill, where it was lying ready to
spring on anyone who should chance
to pass. It had been reported to have
crossed the paths of many women and
children who were unarmed, but for
some reason its attention had not
been attracted.

After a diligent search tramping
through the thick woods for several
hours, the posse had almost come to
the conclusion that the animal had
sought parts unknown, when sud-
denly by the roadside, the searchers
came upon a large, peaceful ground-
hog. One excited member of the posse
crushed the head of the ground-
hog with a club before the rest could
interfere.

INTERURBAN CAR MAKES RECORD TRIP.

Record time for the trip between
Indianapolis and Brazil on the Terre
Haute, Indianapolis & Eastern trac-
tion line was registered by the spe-
cial car which carried the Eagles' de-
legation home from the Indianapo-
lis convention Thursday night. The
time was kept by several persons on
the car and from the time the car
left the belt line at West Indianapo-
lis and arrived at the Meridian street
switch here, just 1 hour and 20 min-
utes were consumed. There were no
other cars on the line at the time and
the motorman turned the car loose

COLDEST JUNE 9 ON RECORD.

Drop in Temperature Affects All But
Gulf Regions.

WASHINGTON, June 10.—The
coldest weather ever recorded during
June in the middle Atlantic and New
England states, the Ohio Valley and
the Great Lakes region was reported
today to the weather bureau. The
gulf states are the only territory east
of the Rockies to escape an unrea-
sonable drop. "A high barometric
pressure of great magnitude" is the
official reason. Reports are reported
from Vermont, central New York,
New England, Pennsylvania, Ohio,
Michigan and Wisconsin. Thin ice
formed in northern New York. The
local thermometers officially regis-
tered a temperature of 37 degrees
early today.

It was the coldest June 9 in the
history of the New York weather
bureau, whose records go back to
1870. The temperature was down to
47 early this morning. Rome, N. Y.,
reported a severe frost last night,
when the mercury went down to 26.
Montreal, Canada, reported that
snow fell for a short time there to-
day and the temperature dropped to
35 degrees.

DANVILLE HAS A BIG FIRE FRIDAY

SIX BUSINESS ROOMS ON NORTH
SIDE OF SQUARE TOTALLY DE-
STROYED BY CONFLAGRATION,
WHICH STARTED FROM GASO-
LINE STOVE EXPLOSION.

INDIANAPOLIS DEPT SENT AID

Fire, which started from the ex-
plosion of a gasoline stove in the rear
of the Hadley Tailor Shop, totally
destroyed six business rooms on the
north side of the square at Danville
on Friday. The fire started at 11.30
o'clock and was not under control
until 2 o'clock. At that time it still
was burning but was under control.
Soon after the fire started the Indi-
anapolis Fire department was asked
for help and it sent automobile hose
trucks and engines to assist in fight-
ing the flames.

For a time it looked as though the
entire north side of the square and
perhaps the entire business section
would be wiped out.

The business houses burned are:
Thompson's Jewelry store.
Campbell Restaurant.
Barnett Book Store.
Hadley Tailor Shop.
Crawley Restaurant.
Crawley Pool Room.

Ed Crawley, owner of the restaur-
ant and pool room, is a former
Greencastle man and is well known
here. Beside the poolroom and restau-
rant he conducted a saloon in
Danville.

BANKRUPTCY REFEREE HEARS EVIDENCE IN CASE.

Referee in Bankruptcy Raab was
here from Indianapolis Friday and
heard the evidence in the case of
Vernice Kivett, the bankrupt Mt. Me-

ASBURY RECITAL PROVES MOST BRILLIANT

One of the most brilliant recitals of the year was the second part of the semester's recital given by pupils and faculty members of the Asbury Conservatory at the Locust Street Methodist Church Wednesday evening. The church auditorium and galleries were crowded with patrons and friends of the school.

Of especial note was the piano playing by Miss Alice Trout, the violin work by Robert White, the vocal solos by Miss Margaret Kreigh and the readings of Walter P. Pfaff. Miss Trout, in the 2nd Hungarian Rhapsody by Liszt, had opportunity to display her lightning technic and richness of tone color. She showed herself to be a thorough artist. Mr. White played the difficult Concerto in A minor by Accolay entirely from memory and with a nerve that quite captivated his hearers. He possesses a brilliancy of tone that is remarkable and he gives promise of rare achievements in his future work. Miss Kreigh delighted her audience as usual. Her clear, high soprano is always a delight to her hearers, and her sympathetic interpretation of Schubert's Gretchen at the Spinning Wheel won the hearts of all. Mr. Pfaff, whose wide experience as an actor as well as teacher of Dramatic Art, kept his listeners in an uproar with his humorous selections, as something a little more pretentious, received marked favor with his Kipling selections. Mr. Norris played piano accompaniments to most of the vocal and violin numbers.

The organ selections by Camille Feltges and Miss Lelia Worrell were well taken. The program as a whole was a complete success, each number appearing to the best advantage, and showing the semester's hard preparation. The summer term has commenced with a large attendance, and a recital will be given by the summer students in August. Following is the Wednesday night program:

Midnight Wedding.

County Clerk Arthur Hamrick was called to his office Friday at midnight to issue a marriage license to Harry H. Shirley and Miss Bessie F. Cox, both of Barnard. Immediately after the license was issued Squire Frank performed the ceremony making the young couple husband and wife. The wedding was performed only a few minutes before 12 o'clock. Mr. Cox and his bride had driven here in the evening and decided to be married before returning home. The bride-groom is a prosperous young farmer. The bride is a daughter of Mr. and Mrs. J. W. Cox, of Barnard, and is popular among her many friends in that vicinity.

ALPHA PHI INITIATES PLEDGES FRIDAY EVENING

Alpha Phi is the first of the sororities to initiate their pledges, holding their initiation Friday evening at the chapter house. Following the ceremonies, light refreshments were served. The following girls were taken in, Anastasia Cox, Sheridan; Lena Agnew, Lafayette; Edith Moor, Williamsport; Ruth Ogle, Omaha, Neb.; Augusta Welker, Edinburgh; Martha Lee, Savannah, Ill.; Nelle Wynn, Paris, Ill., and Maurine Hooker of Dayton, Indiana.

SACK WASHING WOULD BE WELCOME INNOVATION

Postal Employees Hope For Mail Bag Laundry Soon.

Local postoffice employees would welcome any news saying that the government was planning to launder the mail sacks. The government at Washington is laundering one and two dollar bills because it knows that dirty paper money is a menace to health. The employees hope that the government will take one more step and launder the mail pouch.

It is interesting to step into the local postoffice department and inspect the bags. They have, some of them, seen hard service, have been patched several times, and are reeking with dirt and vermin. The mail sack it is said, is a greater menace to the public health than is dirty paper money. Not only postoffice employees but thousands of other people come in contact with the mail bags every day which subjects them to any disease germs the sacks may carry.

In the course of its travels, a mail pouch, made of canvas and leather, comes in contact with a great deal of dirt, dust and muck. Pouches come into the local office from every country on the earth. They come from Africa, India, South America and China, countries which are frequently infested with plagues. All are thrown together on the steam ships. They are dragged along the docks, carried on trains, thrown on railroad platforms into all kinds of dirt and muck, rained on and finally dragged into a postoffice where they must be handled. Here men must look into them and shake them and much of the flying dust is inhaled in the operation. But these sacks do not stop here but are again sent out over the country, into foreign countries and again are sent back to the United States without any cleansing whatsoever. It would not only benefit the handlers of the bags if the government would have them cleaned, but it would benefit the sending and receiving public.

In Germany and Great Britain the government are equipped with departments for dry cleaning their mail pouches.

MANY SCHOOL PUPILS MAKE GOOD RECORDS.

Many pupils of the ward and high schools made the excellent record this year of having been neither absent nor tardy during the entire school year. The names of these pupils will appear on the honor roll of the year. Some of the children, according to Superintendent Woody's report, have made the record during their entire school courses.

The following shows the names of pupils making the record:

High School.

ATTORNEYS PROMISE FIGHT.

Ehrmann's Lawyers Give Notice of Filing Plea in Abatement.

TERRE HAUTE, Ind., June 5.—Attorneys for Emil E. Ehrmann, the wealthy overall manufacturer under indictment for first degree murder for killing Edward Wade, announced in open court today that they would file a plea in abatement next Monday. Ehrmann was brought back from the Marion County Jail by Sheriff Dennis Shea early this morning and as brought into court at 10 o'clock. He was met in the court room by his brothers, Charles H. Ehrmann, a local meat packer, and Max Ehrmann, an author.

Officers Guard Plant.

BRAZIL, Ind., June 6.—Fear that strike sympathizers might attempt to wreck its Brazil plant, the Ehrmann Manufacturing company of Terre Haute today placed two special officers on duty to guard its property. The officers, C. J. McCullough and E. J. Baker, were sworn in by Mayor John Bray. There was no strike at the Brazil plant.

Mrs. DeCamp Carson Dies.

LADOGA, Ind., June 5.—Mrs. DeCamp Carson died at her home here this morning at 2:30 o'clock as the result of a sudden attack of uremic poisoning she suffered Tuesday evening. Mrs. Carson, who had been married for about eighteen months, was a leader in society and a member of many clubs here. She formerly resided in Rockville, where she was a popular young woman. Mrs. Carson was stricken while at the home of A. J. Braxton, a relative Tuesday evening about 9 o'clock. At 3 o'clock the following morning she became unconscious, and her husband, traveling freight agent for the Monon, was notified to return from Lafayette, where he had gone on business.

Mrs. Carson did not regain consciousness after half past two on Wednesday morning. She died about thirty hours after she was stricken. During the time she was unconscious she had several convulsions.

Mrs. Dora Carson was 22 years of age. She was married to the husband who survives her a year ago last Christmas. They were just starting on what promised to be a happy married life. Her death under the circumstances is a peculiarly sad one. Her parents reside in Rockville, and her mother, who is an invalid, collapsed when she heard of her daughter's untimely death. She will not be able to attend the funeral of her daughter nor will her husband on account of her critical condition.

The funeral will be at the home of Mr. and Mrs. Braxton on Saturday morning at 11 o'clock. The interment will be in the Roachdale cemetery. The funeral party will drive overland.

MEAT FAMINE LIKELY. SAYS U. S. BULLETIN.

Demand Far Exceeds Supply and Country Faces a Period of Short Production.

WASHINGTON, June 5.—The demand for beef far exceeds the supply and high prices are the result, says a bulletin today by the agricultural department. Shortage in the supply of meat producing animals, too, is steadily becoming greater and the country is warned that it is facing a period of short production of meat.

In the past six years there has been a decline of more than thirty per cent. in the number of beef cattle in the United States according to the department and already during the first three months of this year there has been an approximate decrease of 13 per cent. in the number of meat animals killed under government supervision when compared with the same three months of 1912. Estimates of the department give the number of cattle in the United States on January 1, 1907, at 51,660,000 and at the beginning of the present year as 36,030,000.

Prices paid for cattle, sheep, lambs and hogs last year were much higher than the preceding years. "The year 1912," says the department, "was a year of high prices for all classes of food animals." With the diminished production in the home market, the department declares there is no longer a surplus for export.

"The time has come," it says, "when we must conserve our meat supply."

ASSESSMENT FOR CITY LESS THAN LAST YEAR

The assessment of real estate and personal property in Greencastle this year shows the total amount to be approximately \$6,000 less than that of last year. The assessment this year is \$1,917,055 and last year it was \$1,923,000. The assessment does not include corporations.

FAMILY IS POISONED BY EATING ICE CREAM

Mr. and Mrs. Edwin Torr, who live on their farm south of Oak-alla, their three children, the farm hand, Mrs. Albert Houck and Mrs. Charles Best, the latter the mother of Mrs. Torr and Mrs. Houck, were poisoned by ice cream which they ate at the Torr home. Mr. and Mrs. Torr and their three children, together with the farm hand, ate the ice cream Thursday evening. Friday they all were confined to their beds.

The members of the family and the physician had agreed that the poisoning resulted from eating some canned corn. Friday when Mrs. Houck and Mrs. Best were at the Torr home, called by the illnesses of the others, they ate some of the ice cream which had been left and they both became ill Friday night. The ice cream was made by Mrs. Torr and the members of the family are puzzled to know how the cream happened to contain the poison. Although all of those who ate of it were very ill, none is believed to be seriously ill.

Church Keeps Anniversary.

CRAWFORDSVILLE, Ind., June 6.—The First Methodist Episcopal church, of this city, recently celebrated its eighty-eighth anniversary with special exercises, in charge of the pastor, the Rev. Fred Whitlo Hixson. The congregation was organized eighty-eight years ago with five members. Now the church has the largest congregation in the city.

Mrs. Joanna M. Lane, widow of Henry S. Lane and daughter of Mr. and Mrs. Isaac C. Elston, and Miss Sarah Stitt and William R. Stitt are the only members of the church at this time whose parents were among the charter members. The five original members of the congregation that was first established in 1825 through the efforts of James Armstrong, an itinerant preacher, were Mrs. Elston, Mrs. Nicholson, Mrs. Stitt, Mrs. Winters and Mrs. Killiam. During the eighty-eight years of the church's history the church has, five times, entertained the annual M. E. conference of this district. Isaac C. Elston, father of Mrs. Lane, and also of Mrs. Lew Wallace, and the pioneer banker of Crawfordsville, was one of the early members of the church and for years he was a trustee of Asbury, now DePauw university. Henry S. Lane was later a trustee of that institution and at the present time C. Evans is the member of the church who represents it on the board of the Greencastle institution.

THE COUNTY BOARD VISITS COUNTY HOME AND JAIL

On June 6th four members of the Board of Charities and Corrections visited the county house and the jail. The number in the house does not vary greatly and not many new faces greeted the visitors. The number is now thirty-six, twelve of which are women; the number of men double that of the women. This is usually the case in the county institutions, and one can but wonder why it should be.

Men have many more opportunities for making money than women, and the inference is that their ability in making homes is much less. A few new floors had been laid in the rooms since the last visit, and some painting had been done. Some gutters were in a rotten condition, and the consequent leaking caused much damage to the newly painted walls. The commissioners have promised to remedy this and the board hopes it may be done without delay. Three new comfortable chairs and four new rugs have been placed in the rooms of some of the old people. There certainly is no reason why each one of the old folks should not be given an easy chair, in addition to the straight backed uncomfortable ones already there.

But one death has occurred during the past year among the usual inmates. One colored man died a few days after admission.

A good garden is on the way—about five hundred chickens and ninety pigs are being raised on the farm. Cows sufficient to supply milk and butter for all are milked. Mr. Terry, superintendent, reports more than \$2,000.00 turned into the County Treasury. That certainly places it a long way toward self-support, and should permit the building being kept in a fine condition. Yet no bathing facilities are given these poor people and no fire protection.

The board was glad to see that screens have been placed in the building, and some relief from flies is expected during the hot summer months. Never has the present board found the jail as clean as at present. But one inmate was confined there. It was with pleasure that it was learned that several improvements are contemplated there. Mr. Boes reports there have been but fifty-five commitments during the six months of his residence.

BAD AUTO ACCIDENT NEAR MARTINSVILLE.

MARTINSVILLE, Ind., June 5.—Lee Thompson, 22 years old, was killed this afternoon when the auto truck he was driving suddenly shot down a fifteen-foot embankment at the Thomas Hill, two and one-half miles east of this city. Thompson was thrown against a tree, the truck turning partly and pinning him down. Broken ribs on his left side penetrated the upper left lung and his chest was mashed in. He lived an hour. Archie Terhune, who was with Thompson, suffered severe bruises and his left foot was broken. The young men had been to this city for a load of goods for the general store in Cope. The steering wheel and spark plug were out of order, but Thompson thought he could make the down grade on the hill in safety.

Farmers living in the vicinity of Morton report that a heavy rain fell in that locality Friday night. There were showers in the northern part of the county Friday afternoon. The rain was not general enough, however, to help the crops of the county to any great extent.

Studebaker's

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.

"Pittsburgh Perfect" Fence

CONSIDER SIZE OF WIRE When Buying Fence
DON'T BE FOOLED by Weight per Rod or Roll

There's no "bunkum" about weight per roll when you buy "Pittsburgh Perfect" because it is constructed without using extra wire to make the fence-joints. The extra weight of the joints in all wrapped, clamped, twisted or tied fences supplies no extra strength, but actually weakens these fences by persistently dragging down the panels, wearing them out before their time and making you buy more before you should. "Pittsburgh Perfect," the only fence with Electrically Welded Joints, is a one-piece fabric of unequalled strength, durability and economy, because we eliminate the expense of extra wire, and put this money into extra quality.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

Every Rod Guaranteed

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.

"Pittsburgh Perfect" Brands of Barbed Wire: Bright, Annealed & Galvanized Wire; Twisted Cable Wire; Hard Spring (All Wire); Fence Staples; Poultry Netting Staples; Regular Wire Nails; Galvanized Wire Nails; Large Head Roofing Nails; Single Loop Bale Ties; "Pittsburgh Perfect" Fencing. He was chosen as one of ten of the members of his class who were given the positions. He will work in the hospital until the middle of August, when he will come home for a few weeks' visit before again taking up his work in the medical college.

The degree team of the Brazil aerie of Eagles won two first prizes as the annual convention of the Indiana aerie of Eagles at Indianapolis last night and the members of the team and of the lodge are elated over their success. The degree team received as the first prize for the best drilling an elegant silk banner and a large silver loving cup was presented to the team for the best exemplification of the degree work. The local team competed with Indianapolis and other leading aeries of the state but easily outclassed them and the judges voted unanimously in presenting Brazil with the first prize in both events. The Eagles' degree team is keeping in tip top condition for the team and band will go to Baltimore in August to drill for the national prize before the National aerie of Eagles.—Brazil News.—Numerous Greencastle men belong to the Brazil aerie.

G. H. S. CLASS OF 1912
GIVES REUNION PARTY.

On Saturday evening the members of the Greencastle high school class of 1912 gave a reunion party in the Ben-Hur hall. The event was a grand success.

The entertainment of the evening was in four parts, the most important being an original play, entitled "We Should Worry," written by Bruce H. McIntosh, a member of the class. It was a very clever one and was well received by the audience. Mr. McIntosh was especially good in the part of the poet preacher, Solomon Rhyner. All the parts were well presented and the staging was remarkably good. Refreshments of ice cream, cake and punch were served. All expressed wishes for another reunion in the near future.

Miss Dorothea Barnaby, who is home from Wisconsin, where she attended school this year, has as her guests Miss Bertina Foltz, Miss Caroline Coffin and Miss Katherine Christain, all of Indianapolis.

FORMER GREENCASTLE MAN
HAS AN IMPORTANT TASK

David Sherfey, son of Mr. and Mrs. W. E. Sherfey of this city, former city engineer of Brazil, has risen to one of the highest positions of the engineering department of the Department of Interior of the United States that of superintendent and chief engineer of the Yosemite Valley park, California.

The park is three times or more as large as Clay county and in the construction of roads, etc., for the convenience of the 10,000 visitors who go sightseeing each year at the park, some problems are presented.

Mr. Sherfey has been in charge of the park for three years and has directed the building of many roads, ways, bridges, electric power houses, etc., and other engineering enterprises.—Brazil News.

Mr. Sherfey is a former Greencastle man, having resided here for many years. His father, at one time, conducted a furniture store here.

John Moore, of Clinton, who, a little over two weeks ago, in a fit of mad jealousy, blew out his wife's brains with a shotgun, yesterday morning pleaded guilty to an indictment charging first degree murder and was sentenced by Judge B. S. Aikman, of the Vermillion county court, to life sentence in the Michigan City Prison. The tragedy was one of the most sensational and most cold-blooded affairs in the history of Vermillion county.

PERSONALS.

Miss Edith Hollaway is home for the summer after spending the winter at Columbia university.

Mr. Miller, of Nappanee, is here visiting his wife and children, on south Indiana street.

Mr. and Mrs. John Henry and son, Donald, are here to spend the commencement season with Mr. and Mrs. William Houck.

Mrs. Mary Luther and two children and J. E. Sherfey left Friday for Yosemite Valley, government park, Wyoming, where they will spend the summer as guests of David Sherfey.—Brazil News.—Both Mrs. Luther and Mrs. Sherfey are well-known here.

The annual commencement exercises of DePauw university were not as largely attended this year as usual. The special effort toward securing a large crowd here last year for the event and the inauguration exercises recently held, each detracted from a large attendance this year.

The dry weather is having a telling effect on the growing crops, especially oats and meadows. Many of the farmers say the oat crop will be a failure and the hay crop will be only fifty per cent of an average crop. Wheat is looking rather promising despite drought. Corn is growing, but rather slowly. Some good rains if not too long delayed and not too excessive would make the crop which is large in acreage loom up in way that would be quite surprising. Some farmers are talking of irrigating the early potatoes as they need moisture badly to produce tubers.

Wabash College was trounced in its final game of the season, losing to Indiana at Bloomington Saturday, 10 to 0. The end marked the last of the performances for Skeet Lambert and Ted Williams, both of whom are graduated this year. Wabash gave poor battle to Indiana. Failure to hit Schultz, Indiana southpaw, kept Wabash from scoring. Only one Scarlet player got as far as second, Eglin, poling a two-base hit in the third inning. Howard's single was the only other bingle registered by the Scarlet. DePauw defeated I. U. in one game and was defeated by the small score of 2 to 1 in the second game, while I. U. gave Wabash two covers and bingles.

County Clerk Arthur Hamrick on Wednesday made application for the admittance of Emma O. Jones, age 57, of Roachdale, to the state hospital for the insane in Indianapolis. An inquest was held in Roachdale yesterday and the woman declared to be of unsound mind.

The United States controller of currency has announced that he has received an application for permission to organize the First National Bank of Cloverdale, Ind., with \$25,000 capital. Those financially interested are W. E. Gill, D. V. Moffett, A. Cohn, J. W. Craton and G. B. Rockwell.

The death of Estol Stoner, age 17, occurred at his home in Farmersburg Tuesday afternoon after a short illness of typhoid fever. He was the son of Mr. and Mrs. Albert Stoner, former Putnam county residents. The body was brought to the Boone cemetery, about 5 miles west of Greencastle, for burial, Thursday afternoon. The services will be at 2 o'clock.

Mr. and Mrs. Charles Barnaby have returned from Chicago, where Mr. Barnaby attended the meeting of the National Hardware Manufacturers' Association of which he is president. The organization is perhaps the largest trade organization in the United States. Mr. Barnaby was honored by the members of the association by being re-elected to serve as president of the association for the ensuing year.

Grace A. Cox, through her attorneys, Allee & James, has filed in the Putnam Circuit Court, a suit against Oliver P. Wright and Leona Wright, asking \$80 damages. The parties live in Manhattan. Mrs. Cox alleges that while Mr. and Mrs. Wright were tenants in her property in Manhattan they tore down a fence, took off a barn door and took siding off a barn and hauled them away for their own use. They also hauled manure off her lots, which she alleges belonged to her. She asks damages and attorneys fees.

At a meeting of the Chautauqua committee held Monday night, the Rev. Bert DeWitt Beck was elected to succeed L. G. Wright as chairman of the committee, who is forced to give up the work on account of ill health. The lot owned by the city, on which a new high school may some time be built, was selected as the place for holding the chautauqua. The committee has asked the city council to allow it to use Walnut street, from Locust to Spring Avenue during the chautauqua which will be August 4 to 9, and permission has been granted. Active advertisement of the event will begin about July 1.

Attorney William Sutherland, trustee of the Bert Sandy bankruptcy in Cloverdale, Tuesday disposed of the last of the assets of the bankrupt by selling a lot of rugs and carpets to Andrew Hanna of Greencastle. The price paid was \$427.50. This lot of rugs and carpets were not sold because of litigation. Marshall & Fields of Chicago, who sold Sandy the goods, alleged that the sale was made through fraudulent representations and claimed ownership of the goods. Referee in Bankruptcy Raab upheld the claim of Attorney Sutherland that the goods belonged to the assets. Later the federal court upheld Raab in his decision. Therefore Marshall & Fields had no claim to the goods and they were sold.

The question of whether a mother could converse with her three-year-old son, caused considerable excitement on the southeast corner of the square about 11 o'clock this morning. The child was with his mother-in-law and was sitting in a buggy. The child's mother and father are divorced and the child was not given into its mother's custody. When the mother saw the child sitting in the buggy she immediately went to him. The mother-in-law appeared on the scene about this time and objected to the mother's presence, whereupon the mother took the child into her arms and hurried to the office of her attorney. The matter was taken up with Judge Hughes and settled amicably.

Since the article in Friday's Herald in which it was stated that persons annoyed by stray dogs could rid themselves of the nuisance by notifying Marshal Johns several men have made statements saying that this course has failed to bring the desired results. One man said this morning that he had repeatedly asked the marshal to kill a stray female dog that had been a nuisance for several weeks. The officer did not pay attention to the request, however, he said. The mayor also has been appealed to, the man stated, but still the stray animal roams at large. The dog has no owner and should be killed. Through the negligence of the city officials, though, valuable dogs and dogs which are not nuisances were poisoned. Had the dog in question been killed there would have been no necessity for the shameful poisoning of dogs that has and is still occurring.

NOTICE

Petition to improve
highway

Notice is hereby given by the undersigned Auditor of Putnam county, Indiana, that there has been filed in his office a petition by George F. Browning et al, for the improvement of a certain public highway in Greencastle Township, said county, and that said petition is set for hearing before the Board of County Commissioners of said county, on Monday, the 7th day of July, 1913, the same being the first day of the July Term, 1913, of said board.

Which said petition is in the following words and figures, to-wit:

To the Honorable Board of Commissioners of said county:

We, the undersigned, represent our honorable body that we, and each of us, are freeholders and legal voters of Greencastle Township in Putnam County, Indiana, and ask that the already existing public highway in said township and commonly known as the Greencastle and Mt. Meridian Road as described below be improved by grading, draining, bridging and paving with a suitable material, which road so asked to be improved is described as follows, to-wit:

Beginning at a point in said Greencastle and Mt. Meridian Road at its point of intersection with the Greencastle and Cloverdale Free Macadamized road in said township; thence in general south-easterly course with the course of said Greencastle and Mt. Meridian Road to its point of intersection with the public highway in said township, commonly known as the Dicks Road and said point of termination being at the southeast corner

of Section 22, Township 14 North, Range 4 West, in said county.

Said petitioners further show that said highway so asked to be improved begins and terminates in an already existing free improved macadamized highway and is less than three miles in length. Said petitioners further recommend that said highway be improved to an established width of thirty-three feet and that the same be paved with macadam. We further ask that such improvement be ordered without submitting the question to an election. George F. Browning, J. W. Cooper, A. B. Matthews, F. P. Farmer, T. B. Farmer, O. F. Sale

I will sell at public sale, at my residence, one mile east of the court house, Greencastle, Ind., on

June 17, 1913

Commencing at 10 o'clock a. m.

20 to 25 Head of High Grade Jersey Heifers and Cows

Most of these are of my own breeding and raising, and are now giving milk or will be soon.

My herd is headed by Fox's Half Moon, registered in the A. J. C. C. No. 101542, whose dam was Riversides Baronettie Fox, and sired by Marjorie Melia Anns King, a strain of animals with some of the great butter records of the country. Come early as this sale may not last long and I surely will have something to suit you--12 to 14 two year olds with first calf, 4 to 6 three year olds, 4 four year olds, and 3 five to six years old.

All animals out of my herd, over two years old, will be on sale. This sale is being made to reduce my stock--not to go out of the business. I can not handle my apple crop and so many milk cows at the same time very well.

All local cars on interurban stop at 29 and 1-2 in my orchard, at place of sale.

Terms of Sale

A credit of six months without interest will be given, purchaser giving note with approved security. 3 per cent off for cash.

PROFESSORS OF DePAUW TO GET AN INCREASE.

DePauw professors are to receive substantial increases in their salaries next year according to the dictum passed by the board of trustees at their annual meeting held Monday afternoon in Plato hall. This is the first real benefit to come from the half million dollar endowment campaign which was carried on last year. The money pledged at that time was for the purpose of paying salaries of faculty members and it is to be used solely for that purpose.

Athletics at DePauw took another big stride forward when the trustees adopted the recommendation of President George R. Grose for the creation of a permanent alumni athletic board. This board, or committee, will supplant the present athletic committee composed of faculty and students, but the athletics will still be subject to the powers and regulations which have been given to the faculty. The matter of hiring coaches, arranging schedules, and other similar matters incidental to the athletic situation will fall under the supervision of the alumni committee.

Committee of Nine Chosen.

At the recommendation of Dr. Grose, also, the following committee of nine men were chosen as the first alumni supervisors: Charles Jewett, Guernsey Van Riper, Samuel J. Ruick, H. F. Clippinger, Richard Shirley and Joe Raub of Indianapolis, Jay Carpenter of Brazil, Walter Talley of Terre Haute and Heber Ellis of Greencastle.

Professor Rufus B. von KleinSmid was granted leave of absence for another year with the definite understanding that he is to return to his work at DePauw not later than September, 1914. He asked for the extra year to complete his experimental work in psychology at the Jeffersonville Reformatory. Professor Adelbert C. Caldwell was also granted a leave of absence for one year on half salary. He will go abroad for study and travel.

To Write History of DePauw.

Francis C. Tilden was elected Professor of Comparative Literature and also librarian of the university. Miss Gilmore, who has been acting librarian, will continue her work in the library as an assistant.

An arrangement made by the executive council of the university with Dr. John Poucher of the class of 1865 for the writing of the history of DePauw was approved by the board. The work has been under way for some time.

Frank H. Streightoff, Ph. D., was elected Assistant Professor of Economics, and Charles A. Skinner an assistant in Physics. Carl Smith was chosen physical director in the place of Marine Dale, who graduates this year, and Miss Noe was re-elected as physical director of women. Herbert Webster, a member of this year's graduating class, will succeed Tracy Redding as Assistant in Sociology.

New Instructor Elected.

Robert W. Thomas, A. B., of Alleghany College, and a graduate student of Harvard will be an instructor in the English Literature Department.

The resignation of Dr. Andrew Stephenson from the chair of history, handed to the president some weeks ago, was accepted by the board. Cyrus U. Wade was re-elected endowment secretary. Mrs. Martha Degner, who has been on leave of absence, will return to the faculty of the DePauw School of Music.

The sophomore pledge was again adopted by the board for the regulation of the rushing of girls by the sororities. According to the rule passed by the Pan-Hellenic, the pledging will not be done until the sophomore year.

"I SEE BY THE PAPERS."

Did you ever stop to think of the deep significance of the above oft-repeated colloquialism?
It is estimated that more than 95 per cent of the population of the United States that can read are newspaper readers.

It may refer to a bit of news, or it may refer to store news—advertising news; the arrival of some choice merchandise, some change in style, a new idea in apparel, or any one of a hundred interesting and constantly changing bits of information which appear in the ads in The Herald.

Obituary.

Catherine Leatherman was born August 30, 1841, in Madison township, Putnam County. She was the youngest daughter of the thirteen children of John and Polly Leatherman. These children were as follows: Permina King, Sarah Wright, Rachael Wood, Eliza Britton, Washington Leatherman, Theresa Irwin, Isafena and John dying in infancy, Benjamin Leatherman, Jane Irwin, Frederick Leatherman, and Daniel Leatherman. Excepting the two dying in infancy, they all lived to be a ripe old age.

Catherine was united in marriage to Nelson Wood in November, 1866. To this union was born three children, Eldoria, wife of William E. Thomas; Seba Ann, wife of John Latham. She died in 1887, and Lee Wood of Clinton township.

Nelson Wood departed from this life August 18, 1881.

She was again united in marriage to John W. Howard in August, 1882. They moved to Greencastle in 1891, where they lived until his death on April 5, 1895.

In August, 1896, she married John W. Randel of Bainbridge. He died in November, 1907. She then moved to her old homeplace with her daughter, Ella. "Aunt" Kate, as she was often called, was a kind and loving mother, a faithful companion, and a dear friend. She enjoyed going among her relatives and friends and having them with her. During her sickness she loved to have them sit by her bedside.

She was a faithful member of the Baptist church for a number of years. She was always present if sickness did not prevent.

After a long and serious illness at half-past nine June 5th, 1913, she went to sleep to wake and to meet the dear ones that have gone before. She leaves to mourn her demise two children, eight grand-children and three great-grandchildren, besides a host of relatives and friends.

Funeral services were held at the Bethel church on Little Walnut Friday at 2 o'clock. Elders Dalby and Althart conducted the services. Interment was at the Baptist cemetery.

SENIORS RECEIVE HIGH DIPLOMAS

ONE HUNDRED AND THIRTY-NINE DePAUW UNIVERSITY SENIORS ARE GRADUATED—EXERCISES HELD IN MEHARRY HALL THIS MORNING.

BISHOP MCCONNELL TALKS

One hundred and thirty-nine students received the degree of Bachelor of Arts at the seventy-sixth commencement of DePauw University on Wednesday. Four were given the degree of Bachelor of Music.

The honorary degree of Doctor of Divinity was conferred upon William Grant Seaman of Mitchell, South Dakota, an alumnus of DePauw and for many years a prominent member of the faculty. Reverend John K. Cecil of Wabash, Indiana, a member of the class of 1897, and the Reverend Frederick W. Hixon of Crawfordsville, Indiana, who graduated in 1899.

Carl Wilfred Lewis, Merle Lewis Sandifur and John Sherman Powell received their master's degree for graduate work done in chemistry, education and political science, respectively.

The seniors, faculty and trustees formed in line in the academic regalia at West College and at 10 o'clock marched across the campus into Meharry Hall.

Following a hymn, prayer was offered by Reverend Edward P. Jewett of Indianapolis. Professor R. G. McCutchan of the DePauw School of Music, then rendered a solo, "The Song of Thanksgiving." The degrees were then conferred by President Grose and benediction was pronounced by Reverend Thomas C. Hilt of Denver, Colorado.

The university oration was delivered by Bishop Francis J. McConnell. He chose as the theme of his address the men and the times. Individuals were divided into four classes, men behind the times, men ahead of the times, men of today, and the men who are above the times. In speaking of the first class, he said that men behind the times in their thought were useful citizens and had their place in the world, but often made the mistake of insisting upon staying in the first rank when they should be in the second. There must be men at the head of the procession of progress, men midway in the procession and men at the rear, and it makes little difference as to the location of the man so long as the procession is kept moving. In illustrating the usefulness of the man in the second rank, Bishop McConnell referred to John the Baptist, who recognized in Christ a leader far above him. The disciple, however, did not stop working but kept on with his powers in the second rank.

Men ahead of the times pointed out the path which the others must follow. In one sense, college graduates should belong to this class. The man ahead of the times, however, must work patiently at all kinds of reform and be bound to come slowly and the great mass of people must be persuaded that the leader is right. The leader should not become discouraged and run away ahead of the people whom he is trying to benefit but should live a part of them.

Too much credit, continued the Bishop, cannot be given to the man of today; the man who sees what the needs of the world are right here and now, and applies himself with all his energy to fulfill those needs. These men, however, lose some of their efficiency because they look neither forward into the past nor ahead into the future.

Then there are the men above the times and it is your business to be in that class, said the Bishop in speaking of the fourth class of individuals. It is the person who lives in the eternities of this life that are really the great men; among which are the eternities of heroism, of patriotism, of pain and of tragedy. There have always been these same eternities ever since the world was created and they will continue as long as the world shall exist. They are the fine things, the big things of life. The speaker used as an illustration in speaking of this class the remarkable occasion of the surrender of General Lee to General Grant at the close of the civil war. There was no ostentation, no display, no haughtiness of victor, and humbling of the conquered, but merely a conversation between the two men as man to man. The members of this graduating class, said the speaker, at least have the germ which makes individuals of this fourth class and later in life it should be developed.

The old stories of the revivalists where they attempted to tell of the length of the eternity were foolish, continued the speaker. People must think of Heaven in such a way that it will not seem an eternal bore, for people would surely not want to live forever if they would have nothing to do. In conclusion, Bishop McConnell said that with the justice of God as a basis, surely nothing would be destroyed that was worth while; "therefore if a man has done anything worth while and stands for things eternal, and not merely for things of yesterday, or things of today, or tomorrow, his works shall not pass away."

Those to receive the degree of Bachelor of Music were Florence May Bell, Bess Kessner, Ruth Bridges, Opal E. McCoy.

Eighteen of the students graduated with a star, signifying that they have not yet completed the required work but will do so in summer school.

OLDEST ALUMNI COULD NOT ATTEND THE EXERCISES.

Scores of DePauw alumni again showed their intense loyalty to their alma mater on Tuesday when they attended alumni chapel and answered to the roll call of the classes. There were a large number of alumni present, representing almost every class that has graduated since 1855, and the services were unusually long. Dr. Grose had charge of the exercises and enlivened the affair with a number of criticisms.

Dr. William Roy Genung of Fort Branch, Indiana, of the class of 1845, the oldest living alumnus of the university, being eighty-six years old, was unable to be present, but a letter from him was read in which he still declared his loyalty to the university and expressed his regrets at being unable to attend.

Dr. Benjamin W. Smith of Indianapolis, was the oldest alumnus present, being a member of the class of 1855. From the class of 1855 on, almost every class was represented by one or more members. In each instance a spokesman was elected who made a few remarks about their class and the university at the time they were students.

There was also a large attendance of visitors and students who took a hearty interest in the affair and became as enthused as the alumni themselves.

Shower for Miss Hamilton.

Miss Fannie Crow entertained at a miscellaneous shower Wednesday afternoon in honor of Miss Desiah Hamilton, daughter of Mr. and Mrs. J. H. Hamilton, of Mitchell, S. D., who is to become a bride on June 19. Miss Hamilton received many pretty and useful gifts. The event was given at Miss Crow's home, just east of town. Miss Hamilton formerly lived here, having removed to Mitchell with her parents about three years ago. The announcement of her engagement and approaching marriage to Charles Peregrine, of Artesian, S. D., was made some time ago. The wedding will take place at the home of the bride's parents in Mitchell on the evening of June 29. After a short trip they will go to Artesian to make their future home.

Otto Weik, who has been here for the past two days visiting her daughter, who is a student in the university, returned to St. Louis Saturday afternoon.

ROACHDALE SQUIRE RAISING THE PRICE.

Lost Monday Roscoe Young and John Anderson, both from near Carpentersville, appeared before Squire Britton on a warrant issued by Marshal Faller, charging them with drunkenness. Squire Britton gave them a fine of \$5 each and costs of \$2.70 each, totaling \$7.70.

It seems that Anderson and Young came in town Sunday afternoon and made themselves obnoxious at the Crose and Bogan restaurant; they also failed to heed the marshal's advice to leave town—instead they left here Monday with the above noted trimmings attached to the second visit.

This is the fourth case of a like nature that Marshal Faller has cared for in the last two weeks and is firm in the assertion that there will be "others" in the near future if there is not a radical change for the better.

The Roachdale price on plain crunk used to be \$1 and costs, but prices along all lines are daily ad-

vancing. Squire Britton fully realizes this fact and has advanced legal charges accordingly. As his present price of \$5 and, is well below the maximum, those who appear before him need not be surprised at any time to learn—after it is too late—that the \$5 quotation has been abandoned and the price standing at \$16 with an upward tendency.—Roachdale News.

FATHER AND SON ARE GRADUATED SAME WEEK.

A few days ago Ray Burns, son of James Burns, 137 East Ridge street, was graduated from the Brazil high school, but Ray doesn't have anything on his pa. Last Monday night Pa Burns was graduated from the Indianapolis College of Law and made a close second for class honors. Mr. Burns also has a diploma from DePauw University hanging up in his home. He was a field examiner of the state board of accounts, and former County Auditor of Clay County, and now enters the practice of law in Brazil.—Brazil Times.

GATHERING ENDS WITH PLEA FOR AID.

Indiana's first conference on agriculture and rural life was brought to a close at the Claypool Hotel Wednesday afternoon with a speech by G. I. Christie, head of the agricultural extension department of Purdue university, in which he called on the people of the state to put their shoulders to the wheel and help make the new vocational educational law a success.

He urged those who attended the conference to go back to their communities as missionaries. He said he wished the Governor would proclaim a day for meetings in every schoolhouse in Indiana, where the subjects considered by the conference could be discussed.

Addresses on "Agricultural Development," by Charles W. Fairbanks, and "Farm Credits," by George Woodruff, the young president of the First National Bank of Joliet, Ill., were features of the afternoon program.

A crusade for economic living was recommended in the resolutions adopted by the conference at the morning session.

Expensive Habits Blamed.

"The much talked of 'high cost of living' is very largely if not entirely attributable to the extravagant habits into which our people have fallen," says the resolution on that subject. "Back to the simple life, to sensible clothing to clean and healthful amusements; back to the first principles of living, which will in a large measure solve the problem of the 'high cost of living'."

Having resolved that a strong, active country church is one of the greatest needs of rural Indiana, the conference recommended that religious bodies work toward consolidation wherever necessary or practicable; that young men of the ministry turn their attention to the country church as a field for vigorous growth and large opportunity; that the attention of the people of the open country and the smaller towns and villages be called to the great importance of procuring efficient resident pastors; that all institutions and organizations represented in the conference be called on to lend their efforts and influence to the upbuilding and strengthening of the country church, and that those attending the conference "pledge our best effort to promote the full development of the country church and the rural school, and the building of a contented, abiding, intelligent, successful and prosperous country life."

New Law Indorsed.

It was further resolved that "this conference on agriculture and country life recommend to and urge upon all interested associations and individuals to use every possible means to make agriculture more generally profitable, so that the comforts, luxuries, diversions and refinements of life will be within the reach of the mass of the farmers."

The conference indorsed the vocational education law passed by the last Indiana General Assembly and went on record in favor of the passage of the Lever agricultural extension bill now pending in Congress.

The way was prepared for other similar conference in the future by a resolution recommending that the several organizations represented appoint representatives to co-operate with the agricultural committee of the Indiana Bankers' Association in arranging such meetings.

Mr. Woodruff, who was a member of the United States commission that investigated the farm credit systems causes for the increased cost of living other than the one named by the banks of Europe, gave three causes for the high cost of living other than the one named by the conference. He enumerated them as the increasing gold supply the breaking down of competition and the declining per capita production from the soil.—Indianapolis Star.

THE THETA SORORITY LEASES TILDEN RESIDENCE

The Kappa Alpha Theta sorority has leased the F. C. Tilden residence on East Anderson street for five years and will take possession of its new sorority home next fall. Prof. Tilden soon will begin the erection of a new home on the lot just east of the present home. He expects to have his new home completed in time for occupancy early next fall.

The marriage is announced of Miss Louise Jones and Joseph E. Russell, which took place Wednesday the Rev. Frederick E. Taylor officiating. Miss Lela Croslet, of Roachdale, and Christian Rasmussen were the attendants. Mr. and Mrs. Russell have gone to Detroit and they will be at home to friends after June 15.—Indianapolis News.

DePauw Man is Appointed.

The appointment of Z. M. Smith of Purdue to have charge of agricultural education in the public schools of Indiana under the new vocational education law was announced by President W. E. Stone of Purdue yesterday. Charles A. Greathouse, state superintendent of public instruction, approved the appointment.

Mr. Smith will receive a salary of \$4,250 a year, the same as is paid W. F. Book, a member of the faculty of Indiana University, recently appointed to direct the work of industrial education in the schools. Both will have offices in the office of the superintendent of public instruction, but Mr. Smith will spend a part of his time at Purdue.

Mr. Smith is an educator of experience. For a year he has had charge of the boys' and girls' club work under the agricultural extension department of Purdue. He is a native of Tipton county, and is a graduate of DePauw University, receiving the degree of A. B. in 1901 and the M. A. degree in 1905. He did postgraduate work at the University of Chicago and Purdue and spent a year as head of the department of English in the Rockford, Ill., high school. He was principal of the Danville, Ill., high school for five years and served as superintendent of schools at Kempton and Goldsmith, Ill., for two years each.

COSTS MUCH TO FEED STATES DEPENDANTS

It is costing the state an average of \$1,783.67 a day to provide food for the inmates of the seventeen state charitable and correctional institutions and their officers and employees according to figures prepared by the board of state charities.

The average number of inmates for the first half of the fiscal year was 11,569.93, and of officers and employees boarded in the institutions, 1,462.21, making a total of 13,032.14 for whom food must be supplied. The total expense of the state for this purpose for the six months was \$324,629.26. Of this, \$119,090.78 was spent for meat, fish,ysters, etc., \$42,781.41 for butter, eggs and poultry, \$29,073.61 for fruit and vegetables, \$61,400.86 for breadstuffs, cereals, beans, etc., \$31,621 for tea, coffee and sugar and \$30,661.60 for all other food supplies.

In a grand total expenditure of \$1,196,292.76 for all regular operating purposes, the cost of food supplies constitutes 27 per cent. It amounts to between 4 and 5 cents a meal for each person boarded.

In addition to the purchased food the institutions consumed during the six months farm and garden products of their own raising estimated to be worth \$53,007.50, or \$4.58 an inmate. Last year during the first six months the farm products amounted to \$57,629.50, or \$5.10 per capita.

Less Than in 1912.

Notwithstanding the fact that the institutions paid a much higher price this year than last for certain articles of subsistence, particularly for beef, they spent \$5,450.31 less for food than for the corresponding six months in 1912.

An interesting fact in this connection is that in seven institutions the decrease in expenditures for food supplies was accompanied by an increase in the number of inmates. This is true of the five hospitals for insane, the School for Feeble-Minded Youth and the Woman's Prison. Three other institutions, the School for the Blind, the Reformatory and the Boys' School spent less for this purpose, but each had fewer inmates.

On the other hand, the food supplies in seven institutions cost more this year than for the same period last year. In the case of five, the Soldiers' and Sailors' Orphans' Home, the Village for Epileptics, the Tuberculosis Hospital, the State Prison and the Girls' School, there was an increase of substance, while at the Soldiers' Home and the School for the Deaf there was a decrease in the number of inmates and an increase in the food cost.

CHARGED WITH KILLING SQUIRRELS OUT OF SEASON.

Lewis J. Amos was in town from Madison twp., Thursday morning and swore out an affidavit before Squire Frank charging George Brown, who works at the Robt. Glass company's quarries at Fern, with shooting a squirrel, the same being done during the closed season. Another affidavit charging Brown with trespass was filed by Mr. Amos. It will be unlawful to kill squirrels until after the last day of this month.

Brown was arrested by Game Warden Amos at Brick Chapel this morning. He pleaded guilty to the charge of killing one squirrel and was fined \$5 and costs, amounting to \$25. The trespass charge was dismissed.

EXPERIENCE OF MOTHERHOOD**Advice to Expectant Mothers**

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother's results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and purgative of the female organism.

In many homes once childless there are new children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PARKER IS GIVEN \$5,000 DAMAGES

The jury in the case of Michael Parker against the Adams Brick Co., of Martinsville Saturday morning returned a verdict giving Parker \$5,000 damages, or one-fourth of the amount he was suing for. He asked \$20,000.

The case went to the jury yesterday afternoon between 4 and 4:30 o'clock. The entire night and 4:30 o'clock this morning was spent in balloting. Fourteen ballots were taken on the question of the amount of damages Parker was entitled to recover. Several of the jury were inclined to give a larger amount. In addition to the verdict, the jury answered sixty-seven interrogatories. On a few of the interrogatories it was necessary to take two ballots. The answer to practically every interrogatory was in favor of the plaintiff.

Parker, who was foreman of the machine room at the brick factory, lost his right hand when it was caught in the cog wheels of a lathe making machine. The hand was ground off and it was necessary to amputate the arm just above the wrist.

Fine Bunch of Cattle.

LADOGA, Ind., June 3.—Lee Bros. shire, who lives east of town, shipped nineteen top notch Hereford calves coming three year old steers, to Chicago market Saturday. Bro. Brookshire of Roachdale went to Chicago to dispose of the drove on Monday and secured \$8.35 per hundred or a total of \$2,300, which was \$130 per head. Those who saw the cattle at the Monon stock pens say they were as fine a drove as been shipped out of Clark town in years.

Mrs. F. A. Arnold, who has been visiting her daughter, Mrs. J. Scripps in Rushville, Ill., has returned home. Her granddaughter Mary Elizabeth Scripps returned with her and will visit here for several days.

MORE ACRES MORE VALUE—MORE PROFIT

Do these things interest you? Especially if they all can be had without a dollar of extra cost to you? Then we have to offer what must interest any man that believes in receiving the greatest possible returns from his money and his labor.

Northeastern Indiana Farms

offer splendid opportunities to progressive farmers. No part of the state has better soil, better crops, better markets, better roads, better improvements, or more prosperous farm owners. In no part of the state will your money buy as much soil value, as much real crop-producing ability, as in this.

No. 3224—142 ACRES IN ELKHART COUNTY, INDIANA

Lies 3 1/4 miles from railway town; on gravel road, 1/2 mile from school and 1/4 mile from Menomonee church. Farm is nearly level, soil is chocolate loam of excellent quality, tiled, all in cultivation but about 22 acres timber and 3 acres low ground. Good buildings, consisting of 7-room frame house, barn 36x60 with granary and tool shed attached, double crib and wagon shed, poultry house, etc.; wind pump and orchard. Price, \$135 an Acre

Your Opportunity

will be found in a Straus Farm in Northeastern Indiana. We have nearly 100 of them from 40 acres up in size; all well located, well improved and in finest kind of condition. There's not a poor or doubtful farm among them. The one thing that, above all others, Straus Farms must have, is Soil Quality. We would not own a poor quality farm as a gift, nor would we sell one.

A Straus Farm Can Be Bought Right

Our large capital, \$1,600,000, enables us to buy farms at rock-bottom prices by paying spot cash for them. It enables us also to sell them on easy terms, giving buyers long time on as much as half their cost, at 5 1/2 per cent interest.

Why Not Investigate

the money-making possibilities of Northeastern Indiana farms? The first step is to get the big Straus Red Book in which the country and our farms are fully described. Shall we send you a Red Book? It's free—a post card will bring it to you.

Minutes Mean Dollars
IN TREATING ANIMALS
Do you know the danger of delayed treatment and other diseases. You also realize that many applied remedies are often worse than no remedy at all. In other words, not to diagnose accurately may prove fatal. Every owner should be able to recognize an ailment and give prompt treatment at the first symptoms. Prompt action is the great secret of treating horses.
Minutes mean dollars.
Of course proper treatment is always necessary. That is just how Humphreys' Veterinary Manual will prove so valuable to you. It is by F. J. Humphreys, M.D., V.S., and teaches how to diagnose and give proper treatment.
This book will save you hundreds of dollars and ease your mind. It will be sent absolutely free on request to any farmer in order to introduce Humphreys' Veterinary Remedies. Remember, it is absolutely free. You do not have to order any books to secure the book. Address, Humphreys' Veterinary Remedies Company, 156 W. 11th Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have for your library. As a reference work you will find it valuable. To have it in the time of need will be many dollars, whereas it will cost you but a few cents by writing for it now.

NOTICE

Petition to Improve Highway

Notice is hereby given by the undersigned Auditor of Putnam County, Indiana, that there has been filed in his office a petition by Frank Farmer, et al., for the improvement of a certain public highway in Greencastle Township, said county and that said petition is set for hearing before the Board of County Commissioners of said county, on Monday, the 7th day of July, 1913, the same being the first day of the July Term, 1913, of said Board.

Which said petition is in the following words and figures, to-wit:

State of Indiana, Putnam County, ss:

To the Honorable Board of Commissioners of said County:

We, the undersigned represent to your honorable body that we, and each of us, are freeholders and legal voters of Greencastle Township in Putnam County, Indiana, and we ask that the already existing public highway in said township and commonly known as the Greencastle and Mt. Meridian road, as described below, be improved by grading, draining, bridging and paving with a suitable material, which road so asked to be improved is described as follows, to-wit:

Beginning at the point of intersection of said road with the public highway commonly known as the Dicks Road, said point of intersection being at the southeast corner of Section 22, Township 14 North, Range 4 West in said county; thence in a general southeasterly direction, with the course of said Greencastle and Mt. Meridian road to its point of intersection with the east line of said Greencastle Township.

Said petitioners further show that said highway so asked to be improved begins with a free macadamized road and terminates in a township line and is less than three miles in length. Said petitioners further recommend that said highway be improved to an established width of thirty-three feet and that the same be paved with macadam. We further ask that such improvement be ordered without submitting the question to an election.

Take Plenty of Time to Eat.
There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and swallowed. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

30,000 VOICES.

And Many Are the Voices of Greencastle People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Greencastle people are in this chorus. Here's a Greencastle case.

Miss Jane Albin, 608 Illinois St., Greencastle, Ind., says: "For some time my kidneys bothered me. Whenever I did any heavy work severe pains would shoot through my sides and hips. I had dizzy spells and felt tired all the time. On a friend's advice, I got Doan's Kidney Pills and they made a change for the better in my conditions at once. I continued to take this remedy and the pains left and my health improved. I have had no trouble since."

POISONING OF DOGS CONTINUE.

Wholesale Slaughter of Dogs by Some Person or Persons to be Investigated.

The wholesale slaughter of dogs in east Greencastle in the past week has caused much indignation among several owners who have lost their faithful friends and others who have the welfare of dumb animals at heart. Many are severe in their condemnation of any person who would take so cruel and inhuman a method of killing dogs.

In the past week four or five dogs—some of them valuable animals—have died as the result of strychnine poisoning. The owner of one of the dogs which was poisoned immediately began an investigation and has stated that he has sufficient evidence to take before the Grand Jury at its next meeting. Although it is not commonly known, the laws of the state protect dumb animals from the cruelty of a dog poisoner and anyone convicted of such an offense must answer to the law.

There is no doubt that in many instances dogs cause much annoyance to residents. But the remedy is so simply that there is no excuse for anyone poisoning virtually all of the dogs in a neighborhood simply to get rid of one dog which annoys them. Any dog owner, if notified, would chain his dog and prevent it from annoying anyone. Or should the dog be a "stray" animal and have no owner, the mayor, if notified, would order the city marshal to take it up and have it killed in a humane manner.

PIONEER WOMAN ANSWERS THE CALL.

Mrs. Catherine Randel, whose death occurred at the home of her daughter, Mrs. William Thomas, in Madison Tp., Thursday morning was one of the pioneer residents of Putnam county. Mrs. Randel was born in Madison township more than seventy-one years ago and she died within one mile of her birthplace.

Mrs. Randel had been sick of a complication of diseases, aggravated by nervous trouble. Her death occurred about 9:30 o'clock Thursday. The funeral services were held at the Baptist Church on Little Walnut creek at 2 o'clock Friday afternoon. Burial in the Baptist cemetery. Elder Dalby had charge of the services.

Mrs. Randel was born on August 20, 1841, and was a daughter of John and Polly Leatherman. She was reared among the good folk of Madison township and early in her life was married to Nelson Wood. Three children were born to this union; namely, Mrs. William Thomas, Lee Wood and John Latham, the latter now being deceased.

Mrs. Randel was married three times, John Howard being her second husband and Mr. Randel her third. Some time after the death of Mr. Wood she married Mr. Howard and following his death was united in matrimony with Mr. Randel.

MOSS IS ACTING CHAIRMAN OF AMERICAN COMMISSION

WASHINGTON, June 4.—Representative Ralph W. Moss, of the Fifth Indiana district, is acting chairman of the American commission now in Europe studying farm credits and agricultural methods in general. Senator Fletcher, of Florida, is the chairman of the commission, but on account of the narrow Democratic majority in the senate, he will not be able to join the commission.

A letter received here today from Rome, and dated May 12, relates that the Indiana farmer member of the congress was at the head of a special committee, representing the commission, which presented to the king of Italy resolutions on behalf of the commission, recognizing the valuable services of the king and government of Italy in making possible formation of such an organization as the International Institute of Agriculture. The letter also says that Representative Moss is directing the work of the American commission with great skill. He has divided the commission into sections, and is doing some special investigation on his own account. Instead of spending his time in the cities he is out in the agricultural districts getting first hand information.

Varsity Trims Alumni.

With lots of ginger and life but a lack of practice the DePauw alumni baseball stars were taken into camp Tuesday afternoon by the varsity squad by the score of 19 to 4 in a five inning game. The old grads started out well but their pitching staff was weak, owing to a lack of practice. "Red" Martin, who pitched the first inning, developed a bad case of sore arm. Heber Ellis took his place the next inning and was later replaced by Charles Jewett. Fred Tucker behind the bat still showed his old time form, making a peg that was speedy and got away fast, but he had poor control. Johnson, on first, brought up past memories to the students when he stretched out on first and got a low ball from Jewett on short in his old form. Ellis got away with a nice hit through second base. Jewett led in the batting for the alumni getting two hits out of three times at bat. Being out of practice, the visitors made a large number of errors which contributed the majority of the varsity team's runs. The alumni who played were Tucker, Martin, Charles Jewett, Foster Jewett, Johnson, "Polly" Ruick, Heber Ellis, Russell Couch, Bowen, Clark, Shirley, Powell and Woody. McClain and Andrew Hanna started in to umvire the game but after a few objections by the players of both teams, they were substituted by Lockridge. "Dutch" Weik had charge of the alumni team.

FACE COVERED WITH PIMPLES

Red and Irritated. Pimples Festered, Itched and Burned. Used Cuticura Soap and Ointment About 3 Weeks. Was Completely Cured.

1613 Dayton St., Chicago, Ill.—"My face was very red and irritated and was covered with pimples. The pimples festered and came to a head. They itched and burned and when I scratched them became sore. I tried soaps and they would not stop the itching and burning of the skin. This lasted for a month or more. At last I used Cuticura Soap and Ointment. They took out the burning and itching of the skin, soothing it very much and giving the relief that the others failed to give me. I used the Cuticura Soap and Ointment about three weeks and was completely cured." (Signed) Miss Clara Mueller, Mar. 16, 1912.

BURNING AND ITCHING

Day and Night. Eczema in Form of Rash. Moore's Hill, Ind.—"My little daughter had a burning and itching sensation day and night. The eczema was in the form of a rash. It began first in patches on her face and under her arms, and then on her hands. We were very much alarmed about her as it was spreading so rapidly. We used Cuticura Soap and Ointment about one month and they cured my little daughter of eczema. Her skin is as smooth as could be and she is in fine health." (Signed) Mrs. Lizzie Roof, Jan. 27, 1912. Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.
